Pririšimo brežinys:

A hand-drawn sketch of a surveying station. A central point is marked with a circle and crosshairs. Several lines radiate from this point to other points, forming a network. The measurements are as follows:

- Top horizontal line: 49
- Left diagonal line: 10.54
- Top-right diagonal line: 17.90
- Bottom-right diagonal line: 14.41

Other labels and features include:

- A vertical line on the right with the letter 'S' at the top.
- The text 'MN' written near the right side.
- The text 'Parap.' and 'wall' written near the bottom right, with a line pointing to a vertical structure.
- A vertical line at the bottom right with a small circle at the top.

A circular diagram with four tick marks on its circumference, each labeled with a number. Starting from the top and moving clockwise: a double tick mark labeled '2', a single tick mark labeled '3', a double tick mark labeled '4', and a single tick mark labeled '1'. The numbers are written in a handwritten style.
