

ŠULINIO PJŪVIAI:

Vertikalinis

Horizontalinis

Pririšimo brėžinys

The drawing consists of three parts. The 'Vertikalinis' (Vertical) section shows a well with a diameter of 0.30 and a valve labeled '1'. The 'Horizontalinis' (Horizontal) section shows a cross-section of the well with a valve labeled '1'. The 'Pririšimo brėžinys' (Connection diagram) shows a network of lines with valves and distances: 7.20, 3.20, and 2.35. The lines are marked with arrows indicating flow direction.
