

ŠULINIO PJŪVIAI:

Vertikalinis

A vertical cross-section of a well. It shows a rectangular shaft with a flat bottom. A small circle at the bottom is labeled with the number '2'.

Horizontalinis

A horizontal cross-section of a well. It shows a circular shaft. A dashed line from the center to the edge is labeled with the number '2'.

Pririšimo brėžinys

An attachment drawing showing the well's location relative to a road. A dashed line represents the road, labeled 'Bendorių g.'. A solid line connects a point on the road to a point labeled '242'. Another solid line connects '242' to a point labeled '11.82'. A third solid line connects '11.82' to a point labeled '26.57'. A fourth solid line connects '26.57' to a point labeled '10.53'. A dashed line also connects '242' to '10.53'. A small square is at the end of the '10.53' line. A circle with a cross is at the end of the '26.57' line.
