The drawing consists of three parts. At the top left is a vertical cross-section of a well, showing a rectangular shaft with a diameter of 1.2 units at the bottom and a depth of 0.00 units. Below this is a horizontal cross-section, which is a circle with a diameter of 1.2 units. To the right of these is a plan view of the well, showing a circular area with a diameter of 1.2 units. The plan view includes a dashed line representing the well's location and a solid line representing the well's boundary. The plan view also shows a rectangular area labeled 'MN' and a circular area labeled '1MN'. The plan view includes various numerical values and symbols, such as 'VI73.01', '95', '92', '91', '90', '89', '88', '87', '86', '85', '84', '83', '82', '81', '80', '79', '78', '77', '76', '75', '74', '73', '72', '71', '70', '69', '68', '67', '66', '65', '64', '63', '62', '61', '60', '59', '58', '57', '56', '55', '54', '53', '52', '51', '50', '49', '48', '47', '46', '45', '44', '43', '42', '41', '40', '39', '38', '37', '36', '35', '34', '33', '32', '31', '30', '29', '28', '27', '26', '25', '24', '23', '22', '21', '20', '19', '18', '17', '16', '15', '14', '13', '12', '11', '10', '9', '8', '7', '6', '5', '4', '3', '2', '1', '0'. The plan view also includes a dashed line representing the well's location and a solid line representing the well's boundary. The plan view also shows a rectangular area labeled 'MN' and a circular area labeled '1MN'.
