SASAJOS SCHEMA

A diagram showing a railway track with a signal and a building. The track is represented by two horizontal lines. A signal post is located on the track, with a red circle and a diagonal line through it. A red arrow points from the text "Atbalinis vožtuvas" to the signal post. A building is shown in the background, with a small square on top of it.

Diagram of a rectangular room with dimensions 3.00m by 2.00m. A horizontal line labeled '1' and '2' at its ends passes through the center. A red label 'Atbalinis vozītuvas' with an arrow points to a circle on this line. A small circle is in the bottom right corner. Red dimension lines show 3.00m width and 2.00m height.
