PRIRIŠIMO BRĖŽINYS

A diagram showing a cylinder with a rectangle placed on top of it. The cylinder is oriented horizontally. A cross-section of the cylinder is shown, with points labeled 1, 2, 3, and 4. Point 1 is at the left end of the cylinder, point 2 is at the right end, point 3 is on the left side of the cylinder, and point 4 is on the right side of the cylinder. The rectangle is positioned such that its base is on the top surface of the cylinder, and its sides are vertical, extending upwards from the cylinder's top edge.
